VI.—SWAMP LAND FUND.

This Fund arises from the sale of the lands granted to the State by an act of Congress entitled "An Act to enable the State of Arkansas and other States to reclaim the swamp and overflowed lands within their limits," approved September 28th, 1850. From the proceeds of these sales is first to be paid the legitimate expenses incident to their sale. Fifty per cent. of the residue, and all moneys received for select lands, (being lands selected in lieu of swamp lands that have been previously sold,) form and constitute a part of the School Fund, and the balance of the residue of such proceeds constitutes the Drainage Fund.

The transactions in this Fund during the last fiscal year are:

	$27,479 85	$27,479 85

XI.—NORMAL SCHOOL FUND.

This is the income yielded by twenty-five per centum of the net proceeds from the sale of the swamp and overflowed lands granted to this State by the act of Congress, approved September 28th, 1850.

The total transactions of the year, in this Fund, are as follows:

Balance on hand September 30, 1860		$2,202 95
Transferred from swamp land fund income		4,013 24
Disbursements	$5,037 50	
Balance in the treasury September 30, 1861	1,178 69	
	$6,216 19	$6,216 19

XII.—TOWN LIBRARY FUND.

By chapter 210 of the laws passed in the year 1859, it was provided that ten per cent. of the School Fund Income, subject to apportionment in the year 1860, and annually thereafter, together with the proceeds of a special State tax of one-tenth of a mill on the dollar valuation, be set apart for the purpose of establishing and replenishing town school libraries. No provision has yet been made by the Legislature for the disposition of this fund, which stands as follows:

Balance in the treasury September 30, 1860	$32,408 39
Transferred from Gen. Fund, (proceeds 1-10 mill tax of 1860)	18,406 25
Transferred from school fund income	19,871 71
Balance in treasury September 30, 1861	$70,686 35

XIII.—SCHOOL COMMISSIONERS' CONTINGENT FUND.

This Fund was first created by act of the Legislature of 1860, appropriating the sum of seven hundred and fifty dollars to the commissioners, payable one-half from out of the income of the School Fund, and one-half out of the income of the Swamp Land

Fund—as a contingent fund to defray expenses in the prosecution of frauds against the School, University and Swamp Land Funds.

By chapter 200 of the laws of 1861, the further sum of three hundred dollars was appropriated, payable as before, as a General Contingent Fund.

The transactions of the year are:

Balance in the treasury September 30, 1860		$477 91
Transferred from school fund income		155 00
Transferred from swamp land fund income		150 00
DISBURSEMENTS	$515 18	
Balance in treasury	262 73	
	$777 91	$777 91

XIV.—THE WAR FUND.

By section 1 of chapter 307 of the General Laws passed by the Legislature in the year 1861, at the regular session, it is provided that—

"The sum of two hundred thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any money in the treasury not otherwise appropriated, or out of any money lying idle in the treasury not belonging to the School Fund or School Fund Income, for the purpose of carrying into effect the provisions of this act, and to defray the expense of transporting troops, and of procuring and transporting arms and munitions of war; and the same shall be drawn as occasion may require, on the warrant of the Governor; and for the expenditure of the same, he shall file vouchers in the office of the Secretary of State, and make a report to the next Legislature. And there is hereby appropriated to the Governor of this State, out of any money in the treasury not otherwise appropriated, the sum of two thousand five hundred dollars for his contingent expenses as Commander-in-Chief, to be drawn from the treasury on his warrant, as occasion may require, at his discretion."

It was by the same act provided that the moneys thus appropriated should be restored to the treasury by the sale of the two hundred thousand dollars of bonds of the State, authorized by chapter 239 of the General Laws of 1861, as amended by chapter 307 above mentioned.

Chapter 13 of the laws passed at the extra session of the Legislature of 1861, provides for the further issue of bonds of the State to an amount not exceeding in the aggregate one million dollars—all moneys arising from the sale of which, by provision of section 3 of said chapter 13, "shall be paid into the treasury of the State, to the credit of the *War Fund*, and shall be drawn therefrom on the warrant of the Secretary of State, in such manner as provided by law."

The proceeds of the sale of the bonds authorized by the several acts above cited, constitute the WAR FUND.

ACCOUNTS AUDITED.

The ninth and tenth sub-divisions of section 27, chapter 10, of the Revised Statutes, relating to the powers and duties of the Secretary of State as Auditor, read as follows:

"9. To examine and determine the claims of all persons against the State in cases where provision for the payment thereof shall have been made by law; and to endorse upon the same a certificate of the amount due and allowed thereon, and from what fund the same is to be paid. He shall certify the same to the State Treasurer, specifying the name of the person in whose favor such account shall be audited, the amount allowed, and from what fund the same is payable; and he shall report to the Legislature, annually, a complete list of all accounts so audited and certified: *provided*, that no account shall be so audited, except the same be duly verified by the oath, affidavit, or affirmation of the claimant or his agent, together with the certificate of the officer ordering or making the claim.

"10. To enter in a book to be kept for that purpose, a record of all accounts audited by him and certified to the State Treasurer, pursuant to the preceeding sub-division of this section, showing the name of the claimant, the amount claimed, and the amount allowed thereon, certified to the Treasurer, specifying the fund from which the same is to be paid."

By virtue of the foregoing provisions, the accounts embraced in the following lists have been audited and certified to the Treasurer during the fiscal year closing on the 30th ultimo.

These lists exhibit the nature of the claims, the amount claimed, the sum allowed, and the several funds from which the same are payable.

V.—Building, etc.	106,904 88	
VI.—State debt and interest	122,290 00	
		$571,755 51
Excess of estimated expenditures over estimated revenues		$22,573 21

In the estimate submitted in the last annual report, the revenues and expenses for the year just closed, were stated, in the aggregate, as follows: (see pages 112–114 of report of 1860.)

Resources, including arrearages due from counties, and loan to University	$469,331 04
Expenditures	360,742 40
Estimated surplus	$108,588 64

This estimate has been more than sustained, as will more plainly appear by the summary of transactions in the General Fund, given on pages 2–4 of this report.

The actual receipts from the sources of revenue estimated, are there stated at	$444,794 08	
Balance of arrearages due from counties Oct. 1, 1861, (schedule "A")	33,880 28	
Due from University on loan	5,000 00	
		$483,674 36

Paid on appropriations by the Legislature not estimated—		
For Kansas Relief	5,000 00	
Capitol Extension	16,595 12	
Hospital for Insane, enlargement and fence	21,000 00	
		$377,684 21
Actual surplus		$105,990 15
Which is—Cash on hand Oct. 1st, 1861	$67,109 87	
Arrearages due from counties	33,880 28	
Due on loan to University	5,000 00	
		$105,990 15

The estimates submitted for the ensuing year are calculated more closely and with less liberal allowance. From no source can

*The deficiency of E. H. Janssen, former State Treasurer, is omitted from the estimate of the available resources of the State, the same as last year, and for the same obvious reason then given.

there be reasonably anticipated an increase of revenue beyond what is estimated, except possibly from the tax on banks—and considering the recent history and immediate prospects of the banking interest of the State, there remains no reasonable hope that the foregoing calculation of the bank tax will be exceeded —which is the tax upon about $3,300,000 of banking capital.

It is difficult, also, to see on what items the foregoing estimate for expenditures can be reduced to any considerable amount. Indeed, it is believed that in all the ordinary expenses of State Government, and in the management of the public institutions of the State, that degree of economy has been introduced which renders any wide retrenchment, within the present scale of expenditure, impracticable.

Section 6 of chapter 13 of the acts passed at the late Extra Session, "An act to provide for borrowing money to repel invasion," etc., doubtless authorizes the levy of a further tax sufficient to pay the interest for the ensuing year on the whole issue of bonds for war purposes. But it will be noticed that the 2-5 mill tax directed by the acts of 1857 and 1858, originally designed to raise only a sum sufficient to pay the interest on bonds to the amount of $100,000, authorized by said act, now yields (and has for several years past yielded) a sum sufficient to pay the annual interest on all the bonds now outstanding against the State. Deeming that this 2-5 mill tax has long enough served as a covert source of revenue to the General Fund, I determined to make no provision beyond the income of that tax for the purpose of paying interest.

The Legislature must therefore of necessity accept and take measures to provide for a certain deficiency of not less than $22,573 21—to which should be added for unavailable resources at least to equal the present amount of arrearages due from counties, viz: $33,880 28—making a total of $56,453 49—which the probable receipts of the year will lack of meeting the anticipated calls upon the Treasury for the same period.

The most obvious sources of relief are: 1st, a loan to equal the amount of bonds maturing in 1862; or, 2d, placing to account of the General Fund the proceeds of the 1-10 mill tax, now amounting to $53,366 70, which has been levied from year to year for the object of providing township libraries—a project which has not hitherto found sufficient favor with the Legislature to induce the appropriation of the money therefor. Hence a large and yearly increasing fund has remained in the treasury unemployed, except as the action of the last Legislature permitted its temporary use for war purposes.

In estimating the expenses of the next Legislature, calculation is made for a session of only sixty days. In the present condition of the finances of the State, and with the great burdens of unavoidable taxation weighing upon the people, it is confidently hoped that the patriotism of our representatives can be relied upon to bring about this coming winter that long desired and much

needed reform, a *short, economical, working session of the Legislature.*

WAR EXPENSES AND LIABILITIES.

The expenses for enlisting, organizing and fitting out the several regiments furnished by Wisconsin to the defense of the Government, have been managed by the proper military officers, acting by appointment and under direction of the Governor; and all accounts therefor have been audited, allowed and paid by and through such officers. For detailed statements of transactions in the War Fund, and full information of the liability of the State on account of such fund, the Legislature is referred to the reports which will be submitted to them by the Governor, and by the Adjutant General, Quarter Master General, Paymaster General, and Commissary General of the State.

No estimate is therefore attempted of the liabilities existing against the State for expenses arising out of the war. Whatever may be the amount of such liabilities, it is to be hoped that the government, in aid of whose protection and defense they were incurred, will promptly reimburse the State therefor.

AID OF VOLUNTEERS.

By chapter 8 of the General Laws passed at the late extra session of the Legislature, it was provided that—

"The non-commissioned officers, musicians and privates mustered into the service of the United States or of this State, in pursuance of any law of this State, shall receive from the time of being so mustered, in addition to the pay provided for like non-commissioned officers, musicians and privates in the army of the United States, the sum of five dollars per month to all volunteers having families dependent upon them for their support."

All claims for aid, as provided by this act, are, by further provisions of the same act, presented to the Secretary of State, to be by him examined and audited, and warrants drawn upon the treasury in payment, as for other audited accounts. The duties devolved upon this office in consequence of the passage of this act, have proved exceedingly laborious—while with all the watchfulness and care it has been found practicable to exercise, it is feared the State has not been entirely protected against abuse of its munificence.

In passing upon claims for aid under the provisions of this law, I have from time to time adopted constructions of its meaning and intent, as follows:

1st. Only volunteers in the *infantry* service are included by the terms of the act. Those enlisting in cavalry or artillery companies, not being mustered into service "*in pursuance of any law of this State,*" cannot receive the extra pay without further legislation.

2d. The term "volunteers having families dependent upon them for their support," is held to include, married men, and such others as have indigent and aged or invalid parents, or orphan and dependent brothers and sisters actually relying upon them for support. But the dependence must be actual, as upon the head of a family.

3d. But one individual can be entitled to the extra pay by reason of the dependence of the same family.

4th. Volunteers enlisting in companies or regiments of othe States are not entitled to the extra pay provided exclusively fo. soldiers mustered into service "under the provisions of the law of this State."

5th. Volunteers from other States enlisting in the Wisconsin regiments, are not entitled to extra pay for dependent families residing in other States.

By the first day of January next, it is anticipated that Wisconsin will have eighteen full regiments of Infantry mustered into the service of the United States, "under the provisions of the laws of this State." Equity and justice demand that provisions made by law for the aid of volunteers in the Infantry service, when Infantry were the only troops called for by government, should be extended to all volunteers from this State who have responded to the subsequent calls of the government for cavalry and artillerymen. This demand will, without doubt, be cordially acceded to by the Legislature. Three regiments of cavalry and one of artillery are now being organized in the State. These in the field, the whole number of volunteers from Wisconsin, serving as non-commissioned officers, musicians and privates, will not be less than 23,000. It is safe to estimate that not less that 6,000 of these will be entitled to the five dollars per month extra pay, by reason of having families dependent upon them for their support. This will require $30,000 00 per month—or $360,000 00 per annum.

It is left to the wisdom of the Legislature to devise the means for continuing the aid virtually pledged by the State to her volunteers who leave dependent families behind them, during their continuance in the service of the country. The Legislature must also provide the means for defraying other expenses constantly accruing for services not required by the rules and regulations governing the military service of the General Government, but which have grown up with and become interwoven with all our military operations in this State; or take the responsibility to discontinue such services altogether.

ARREARAGES DUE FROM COUNTIES.

Through the excellent management of the State Treasurer, the balance of arrearages due from counties has been largely reduced during the past year, and it now stands at a lower figure than for many years past. A statement of the condition of the account

with each county of the State is appended to this report, marked "A." The net balance due the State from all the counties is shown to be $33,880 28. In the present condition of the finances of the State it is important that this amount should be paid. The attention of the Legislature is respectfully invited to the necessity of making all the revenues provided by law to defray the expenses of government available to the Treasury.

CLERKS AND CLERK HIRE IN STATE OFFICES.

The following presents a separate statement of the amounts paid for clerk hire in the several State offices, the names of the clerks, and the amount paid to each respectively. Except as some other fund is indicated by the particular service rendered, the money is drawn from the general fund.

REPORT AS SECRETARY.

Of matters pertaining to this office, not included in the foregoing report as Auditor.

ASSESSMENT AND TAXATION.

In the Appendix to this report will be found a statement (marked "B") of the valuation of all real and personal property of the State, as returned by the Clerks of the several County Boards of Supervisors; of the equalized valuation of the same as affixed by the State Board of Equalization, and the State Tax charged against each county in the State for the year 1861.

The aggregates are as follows:

Total number of acres of land assessed		17,341,696.07
Aggregate value of lands as reported by County Boards, exclusive of city and village lots		$95,996,016 90
Aggregate valu of city and village lots		31,651,537 84
Total aggregate of real property as assessed		127,647,754 74
Total valuation of real property as equalized by the State Board of Equalization		156,891,743 94
Aggregate value of personal property		24,092,610 44
Total am't of all property as equalized by the State Board		180,984,354 38
State tax of $200,000, being 0.1105 $\frac{1}{1}$ per cent.	$200,000 00	
State tax of $50,000, as per chap. 65, Laws of 1857, to pay State loan, being 0.0276 $\frac{1}{1}$ pr ct.	50,000 00	
2-5 mill tax to pay inst. on State indebtedness	72,393 72	
1-10 mill tax for town libraries	18,098 43	
Total amount of State Tax as charged against the several counties in 1861,		$340,492 15

The total amount of all the property of the State as equalized by the State Board for the year 1861, is less by $3,078,181 62 than the total aggregate as equalized for 1860. The loss is in the returns of personal property.

In 1860 there was returned of personal property...$27,506,761 56
In 1861 there was returned of personal property... 24,092,610 44

Decrease in returns of this year..... $3,414,151 12

A careful examination of the Tabular Statement in the Appendix will disclose strong presumption of unfairness as between the respective counties in listing and returning personal property, and suggest a doubt whether it is practicable to secure the return of all such property for taxation short of appointing Assessors by the Legislature or the Governor, who shall, by residence and their tenure of office, be removed from the influence of local selfishness.

STATISTICS COLLECTED BY THE ASSESSORS.

OF AGRICULTURE, ETC.—The statement hereto appended, marked "C" is an abstract from the returns of Agricultural, Mineral and Manufacturing statistics for the year 1861, made agreeably to the provisions of Chapter 16 of the Revised Statutes, and the amendments to said Chapter enacted by Chapter 166 of the laws of 1861. These returns are doubtless defective, falling far short of a full exhibit of the Agricultural, Mineral and Manufacturing productions of the State. The footings of the tables given in schedule "C," showing the quantity and value produced of each article, and as far as practicable the number of acres devoted to the production of each, are as follows:

OF DEAF, DUMB, BLIND, ETC.—Schedule "D" exhibits the returns by the assessors of deaf, dumb, blind, insane and idiotic persons in the State, with the facts as to color, nativity and parentage directed by requirements of chapter 16 of Revised Statutes.

The following is a summary of these returns, which are not believed to nearly equal the true figures:

	Males.	*Females.*	*Total.*
Deaf and Dumb	133	86	219
Blind	68	43	111
Insane	63	67	130
Idiotic	67	43	110
			570

Of these unfortunates, of all classes, 333 are returned as born in the United States, 48 in Great Britain, 39 in Ireland, 57 in Germany, 24 in Norway, and in all other countries 69. 550 are white, 4 colored, and 16 color not stated. The parents of 277 are educated, of 223 are uneducated, and of 70 not stated. The parents of 32 are returned as having affinity of blood, of 282 as having no affinity of blood, and in regard to 256 no statement in this regard is made. The whole number of children born to these parents is stated to be 1646, of which, as above shown, 219 are deaf mutes, 111 blind, 130 insane, 110 idiotic, leaving 1076 not afflicted.

RAILROAD STATISTICS.

Appendix "E" gives an abstract from the reports of the officers of the various railroads operated in this State, made to this office in conformity with the requirements of Chapter 91 of the General Laws passed in the year 1858. Many interesting facts are shown by the abstract. A few of the more important are here stated:

Length of railroad track in operation in the State...863½ miles.
Aggregate cost.....$23,539,638 75
Gross indebtedness..... 16,614,311 45

Total earnings, viz:

Losses by casualties	483	93
Number killed on all roads during the year		21 persons.
Number injured.....do.....do		32 persons.

INSURANCE COMPANIES.

Section 23 of chapter 72 of the Revised Statutes, makes it the duty of the Secretary of State to embrace within his annual report a condensed statement of the reports made to him by insurance companies.

Full lists of the companies that have complied with the provisions of chapter 103 of the General Laws of 1858, being an act entitled "An act in relation to all companies transacting the business of Life, Fire and Marine Insurance within this State," with an abstract of their annual statements, is given in the appendix marked "F." The more important facts exhibited are as follows:

A synoysis of the annual reports filed in the Secretary of State's office, is given in the appendix, marked "I."

OF ELECTIONS AND COUNTY OFFICERS.

A list of the county officers elected in the several counties of the State at the general election for the year 1860, as the same are returned to this office, is appended to this report, marked "J."

Schedule "K" gives a tabular statement of the votes cast for members of Congress in the several congressional districts of the State, at the general election on Tuesday, the 6th day of November, 1860. The result of the canvass of such votes was declared by the State Board of Canvassers to be the election of the following named persons in their respective districts: 1st District, JOHN F. POTTER; 2d District, LUTHER HANCHETT; 3d District, A. SCOTT SLOAN.

Statements of the votes cast at the April election in 1861, for Justice of the Supreme Court, showing the election of ORSAMUS COLE to said office, for the term of six years, and of the votes cast at the same election in the 10th judicial circuit, for the election of Judge in and for said circuit, showing the election of EDWIN WHEELER, for the term of six years from the 1st day of January, 1862, are hereto appended, marked respectively "L" and "M."

A list of County Judges elected at April election in and for the several counties, is appended, and marked "N."

Tabular statements of votes polled in the counties of Dunn, Iowa, and Pierce, for and against the removal of the respective county seats of said counties, are hereto appended, and marked "O."

NEGOTIATION OF THE STATE LOAN.

Chapter 13 of the General Laws, passed by the Legislature of 1861, at the extra session, constituted a Board of Loan Commissioners, consisting of the Governor, Secretary of State, and State Treasurer, who were charged with the duty of negotiating, in such manner as they should deem proper, and "on the most favorable terms which in their judgment could be obtained," a loan or loans for war purposes, not exceeding in the aggregate the sum of one million of dollars.

Through an alleged defect in the law, and owing to other causes not necessary to recite in this report, it was found to be impracticable to effect a negotiation of the bonds authorized by said chapter 13, in the money marts of the East. But an arrangement was, after some delay, perfected with the bankers of our own State, by which it was agreed that the Loan Commissioners should sell to them, and the said bankers should purchase, eight hundred thousand dollars of the one million authorized to be issued, at seventy per cent. of their face, cash in hand, (*sixty* per cent. thereof in specie or New York exchange, and *forty* per cent. in current bank bills, as directed by section 8 of the Loan Act,) and the remaining *thirty* per cent. in installments of one per cent. every six months; the corporate bond of each bank purchasing bonds to be taken for this thirty per centum.

An understanding was had by the Loan Commissioners with the leading bankers of the State, that all bonds so purchased should be placed with the Bank Comptroller, as security for Wisconsin currency then in circulation; that the notes of all banks

current at the time the arrangement was made, (June 25th,) were to be made par by the deposit of additional securities with the Bank Comptroller, and, finally, that bonds then in the Department as security, chiefly of southern States, whose rapid depreciation was staggering all confidence in our currency, should be sold in New York by the Bank Comptroller, sufficient to provide the means of effecting the purchase of the Wisconsin Bonds by which they were to be replaced.

It is believed that the seventy per cent. thus realized on the bonds sold, is nearly, if not quite, as high a rate as could have been realized from their sale in Wall street, after the expense and delay of another extra session of the Legislature, and all objection to the legality of their issue had been removed. On the other hand, the diversion of the entire discount the State must have suffered upon a sale at the East, to strengthen the currency then perishing in the hands of the people, has proved an incalculable relief and protection to all the business interests of the State, while at the same time the plan of sale promises the return to the Treasury of the State, in greater part, at least, the discount thus abated.

But whether the obligations taken of the banks for the thirty per cent. remaining unpaid at the time of purchase, are all of them paid or not, it is submitted that the substantial interests of the State have already been benefited through this negotiation, in the manner before indicated, far more than to equal in value the entire amount for which credit was given in the sale of the bonds.

The exact number and amount of bonds sold and delivered (of the one million issue) up to October 1st, are as follows:

794 bonds for $1000 each, for cash in hand	$555,800 00
90 bonds for $500 each, for cash in hand	31,920 00
5 bonds for $100 each, at par	500 00
	$588,220 00
Leaving now on hand—	
6 bonds of $1000 each	$6,000 00
110 bonds of $500 each	55,000 00
995 bonds of $100 each	99,500 00
	$160,500 00

An issue of two hundred thousand of State bonds for war purposes, was authorized by an act of the regular session of the Legislature, the negotiation of which was left to the Governor alone. Owing to a restriction in the law, those bonds cannot be negotiated below par, and consequently all but twelve remain unsold.

CAPITOL EXTENSION.

By chapter 66 of the laws of 1861, the Governor, Secretary of State, State Treasurer, Attorney General, and Bank Comptroller, were authorized to advertise for proposals and let by contract to

the best and lowest bidder, the erection and completion of the west wing of the State Capitol, in conformity with the plan commenced, with such alterations in the plan and specifications as they were authorized to adopt prior to advertising for proposals. A sum not exceeding one hundred thousand dollars was by said chapter 66 appropriated for the entire cost of the work, payable twenty thousand dollars out of the General Fund for the year 1861, fifty thousand dollars for the year 1862, and the remaining balance on or before the first day of February next succeeding the completion of the contract and the acceptance of the work by the officers before named.

The main alterations from the original plan adopted by the Building Commissioners are as follows:

1st. All the alterations from said plan introduced in the erection of the east wing, and for which extra allowances were made by the Legislature, were incorporated in the specifications for the west wing, and all foundations for outside walls directed to be laid one foot deeper than the walls of the east wing.

2d. The west wing is to be built ten feet longer than the east wing.

3d. Two large fire-proof vaults are to be constructed in the first story, with double iron doors.

4th. The hall is to be finished for the use of the Assembly instead of the Senate, as first designed—the gallery to be extended around the hall—the Speaker's desk to stand between two doors for entrance, and ornamented with two carved statues—the ceiling to be arched and richly ornamented, and finished with a six feet ventilator.

5th. All ventilating flues to have cold air draft.

6th. The outside stairs to have eight additional steps, and one additional platform.

These changes, with other minor details, were incorporated in the specifications, and the work advertised in a number of papers in different sections of the state, to be let, according to plans and specifications, at the office of the Executive in Madison, on the first day of May last.

Proposals were submitted as follows:

Number	1.—S. A. Harrison, of Milwaukee, for	$94,900
do	2.—A. R. Moxley, of Madison	78,300
do	3.—A. A. McDonnell, of Madison	90,000
do	4.—Joseph Parkins, of Madison	94,432
do	5.—James W. Harvey, of Madison	83,000
do	6.—A. G. Darwin, of Madison	89,000
do	7.—A. G. Darwin, of Madison, special bid, including foundation for North and South wing	96,000
do	8.—B. F. Hopkins, of Madison	94,400
do	9.—F. H. VanBergen and J. Livesey, of Madison	87,500

do 10.—William Goodnow, of Milwaukee..... 86,000
do 11.—John Bentley, of Milwaukee..... 89,000
do 12.—James Allen, of Milwaukee..... 91,634
do 13.—H. R. Bond, of Milwaukee..... 96,500
do 14.—John Rugee, of Milwaukee..... 92,000

It appearing to the commissioners that bid numbered 2, by A. R. Moxley, of Madison, was the lowest and best bid for the state, the contract was awarded to him. Subsequently the said A. R. Moxley and James W. Harvey jointly entered into contract with the state for the erection of the said west wing according to plans and specifications, for the sum of seventy-eight thousand and three hundred dollars, ($78,300); to the performance of which contract by said Moxley & Harvey, Wm. Vrooman, John N. Jones, Sam'l Klauber, H. S. Orton, A. Sherwin, Geo. W. Gilman, Geo. V. Ott, Darwin Clark, William Hutchinson and Philo Dunning, have become obligated as sureties in the penal sum of twenty-five thousand dollars.

The work has thus far progressed to the satisfaction of the commissioners, and it is believed the whole will be completed according to contract, for a price largely below the appropriation, and to the satisfaction of the state, in both regards.

Two minor changes have been adopted by the commissioners since the letting of the contract, involving an increased expense of about fifteen hundred dollars.

ACCOUNT OF FEES, AS SECRETARY AND SCHOOL LAND COMMISSIONER.

By Section 1 of Chapter 189 of the General Laws of 1859, the Secretary of State, State Treasurer, and Attorney General, are required to keep an account of all fees charged upon sales of School, University and Swamp Lands, and upon loans made of the funds arising from such sales, and for other services rendered in either of said offices, and to pay the same into the treasury to the credit of the General Fund; with the *proviso* that each of said officers may retain out of the fees so charged and received, a sum not exceeding two thousand dollars per annum, in addition to the salary now prescribed by law.

The total amount of fees received in the office of the Secretary of State from January 1st to October 1st, 1860, (three quarters,) is included in the following statement from the Secretary of State's Report, for the year 1860, page 141:
